## APPENDIX 1 - PACE OF PLAY GUIDELINES

Each match must maintain its position on the course with respect to the match preceding it and maintain the time requirement specified on the Pace of Play Time Chart issued to players at the course. If a time chart is not issued, the following time schedule for the completion of each hole applies:

Par 3 Holes 11 minutes  
Par 4 Holes 13 minutes  
Par 5 Holes 15 minutes

In exceptional circumstances (such as extreme weather/playing conditions), the Match Committee has the authority to extend this time requirement.

The first match to start will be considered out of position if, at any time during the round, the group is behind the cumulative time prescribed by the above time schedule. Any following match will be considered out of position if it (a) is taking more than the allotted time to play and (b) reaches the tee of a par-3 hole and the preceding group has cleared the next tee; reaches the tee of a par-4 hole and the putting green is clear; or reaches the tee of a par-5 hole when the preceding group is on the putting green. Both (a) and (b) must apply for a group to be out of position.

### Pace of Play Penalties – Match Play

An out of position match may be monitored and timed. Anytime a match is being monitored and timed they will be notified of such timing by a Match Committee representative or a Rules Official.

The following are the penalties, in sequence, for any player in a match being timed who takes more than the allotted time (see below) to play a stroke after timing of the player's stroke begins:

1<sup>st</sup> offence – loss of hole  
2<sup>nd</sup> offence – loss of hole  
Subsequent offence – disqualification

### Timing

When a match is being monitored and timed each player is expected to play any stroke within 40 seconds after timing of the player's stroke begins.

Other than on the putting green, the timing of a player's stroke will begin when he/she has had a reasonable opportunity to reach his/her ball, it is his turn to play and he/she can play without interference or distraction. **Time spent determining distance will count as part of the time taken for the next stroke.**

On the putting green, timing will begin after a player has been allowed a reasonable amount of time to lift, clean and replace his/her ball, repair his/her ball mark and other ball marks on his/her line of putt and remove loose impediments from his/her line of putt. Time spent looking at the line from beyond the hole and/or behind the ball will count as part of the time taken for the next stroke.

Repeated infringements of the pace of play guidelines in the 2024 season will be referred to the Golf NSW Match Committee for further consideration and may see a player subject to further action including suspension from further representation of his Club for the season.

**NOTE 1: The Committee reserves the right, at any time, to monitor or time a group/match when the Committee deems it necessary. Players should also be aware that the Committee may assess a “bad time” to a player in a match that is out of position if the player makes no effort to help his/her match get back in position. An example of this would be a player who unduly delays play between shots.**

**NOTE 2: If the match in question regains its proper position, any previous breach of these guidelines will be carried over for the remainder of that stipulated round in the event that the match requires additional monitoring.**
